Miss Julia Asher presented a most interesting program on The Life of a confederate hero, Rear Admiral Raphael Semmes.

Following this, Grover B. Harris, band instructor of Appomattox High School, played a number of favorite Southern melodies on the trombone.

Tragic Battle Retold

In her presentation on the life of Read Admiral Raphael Semmes, Miss Asher, chapter historian, told of a battle between the **Alabama** and the Kearsage. The **Alabama**, an English built ship which for two years undo terror of the maritime commerce of the United States, battled the United State sloop **Kearsage.** The encounter took place in the English channel on June 19, 1864.

Admiral Semmes found that shells from the **Alabama** could not pierce the US sloop **Kearsage,** which was clad in chain armor. The **Alabama,** with 12 long-range guns and built for speed was no match for the enemy. The **Kearsage** short range guns soon found their mark, and the **Alabama** sank in 43 fathoms of water.

John Lancaster of England came to the assistance of the Confederate admiral and crew in his steam yacht **Deerhound.** French pilot boats picked up other survivors, but **Alabama** casualties totaled 9 killed, 21 wounded, and 10 drowned.

After the war Admiral Semmes

500 Members In Appomattox

Local Clubs Will Observe National 4-H Week 26th-3rd

About 500 4-H Club members in Appomattox County will observe National 4-H Club Week, September 26 through October 3. The head - heart - hands - health youth are among 2 and one-fourth million members of 94,700 clubs in urban, suburban, and rural areas throughout the 50 states and Puerto Rico. With the goal of "4-H for more in '64", current emphasis is on the program's flexibility — club projects and activities adaptable to fit needs of youth from any background or circumstance.

A major local and national aim of this year's 4-H Week observance will be to recognize the 50th anniversary of the Cooperative Extension Service, of which the 4-H youth program is a significant part. In 1914, when the Smith-Lever Act authorized the Extension Service, the same federal legislation provided funds for 4-H Club work. For this reason, 4-H also celebrates a Golden Anniversary.

Other local and national aims of this year's 4-H Week observance are to: Stress career exploration and the importance of wise vocational choice; encourage capable, youth-minded men and women to become volunteer 4-H leaders; and provide opportunity for clubs to honor their local 4-H friends and express appreciation for their valued assistance.

Aiding Club members with 4-H Week events in all States will be 362,400 volunteer 4-H leaders, who guide 4-H work in local communities across the country.

Nine adult volunteer leaders work with the five community 4-H Clubs in Appomattox County. In addition, many teachers serve in their classes. These leaders assist club members with 4-H projects, organizing meetings, planning programs, club activities, etc.

The five community clubs are located in the Pamplin, Glendale, Oakville, Stonewall-Wreck Island communities, and in the town of Appomattox. Their members invite anyone of 4-H age (10-18) to become a member.

New Power Chair Saws At Local Western Auto

New gasoline - powered chain saw models for 1965, designed for a wide range of wood cutting purposes, from the smallest to the largest, are now on display at Western Auto, local dealer for McCulloch chain saws.

According to Mr. Rowe and Mr. Seay, of the local dealership, the 1965 saws concentrate on further internal engineering improvements for power, economy and dependability, while McCulloch's basic light weight design and streamlined styling remain the same.

An outstanding engineering advance this year is a new idle control device, standard on many models, which Mr. Seay says smooths out engine idle, reduces fuel puddling, and does away with the necessity for manually depressing the throttle when starting the saw.
